

## CFO at BlueThrone

BlueThrone is an exciting 100% “work from anywhere” startup company.

After fundraising a super successful seed round (\$6.5M), we are currently in the Growth phase. Our founders are experienced in building successful companies, and we got the trust of top investors, who are billionaires that brought their startups to a unicorn valuation.

They strongly believe in our successful business model and our ability to become a unicorn startup even faster than they did :)

Our business model is to acquire and invest in existing mobile apps, grow them using Advanced marketing strategies, AI algorithms, and centralised infrastructure, and then drive massive rapid growth based on debt and revenue from those apps.

And now?!

We are looking for a hungry, challenge-seeker, highly experienced CFO to join our worldwide dream team’s leadership!

### **Responsibilities:**

In BlueThrone, the CFO will be responsible for the following:

1. Corporate financing tasks (management dashboards, monthly reports to the board, annual reports to the shareholders)
2. working with commercial banks, relationships with investment banks, and funds.
3. payments & collections infrastructure, including signatory rights, financial reports, and ESOP maintenance.
4. Maintaining the company Data Room.
5. Cash and payments management.
6. Budgeting (preparation and monitoring)

7. Reporting to authorities (such as tax, insurance, companies registration & VAT).
8. Handling / assisting with handling legal aspects of our business (including equity/debt financing and M&A transactions).
9. International tax management (Tax Planning, Transfer Pricing, VAT, Withholding tax ).
10. Management of international team (regulations, payments, contracts)
11. Debt financing.

**Experience:**

- Experience in the mobile app & Saas world. (Subscription-based companies)
- Experience in debt and equity financing.
- Experience in International activities.
- Experience in a group of multinational companies.

**Skills:**

- Deep understanding of the business model.
- Fast adaptation to new situations, directions, and ideas.
- Narrowing down to the tiny details. Ability to work hands-on.
- High communication skills, especially in a remote work environment.
- Ability to work alone / with a small team.
- Excellent chemistry with the team.
- Leadership

**Lines of communication:**

- Directly report to the CEO.
- Tightly work with the COO, especially during the onboarding and M&A processes.
- Work with the existing office manager and accounting manager.
- External communication with banks, investors, funds, authorities, accountants, and lawyers.

**Working Conditions:**

- Remote + In office: Tel Aviv / Phuket.
- Option for relocation to Phuket.
- Availability for business trips from time to time.
- Full-time Job.
